**1. DONATED TIME FOR CLERK TYPIST 2 AVA BOLTON**

Clerk Typist 2 Ava Bolton, Records Section, is currently on maternity leave and is not expected to return to duty until early October 2005. Ms. Bolton has exhausted all of her leave balances.

Any department member wishing to voluntarily donate time for Ms. Bolton should submit a Form 25S to their district/section/unit commander, listing Ms. Bolton's name, section, the type of time and the number of hours being donated. Sick time may not be donated. The donor's rank and signature must appear on the Form 25S.

**2. DEATH OF PATROLMAN HENRY RUBERG IN 1916**

A request has been received by retired Lieutenant Ray Ruberg and retired Police Specialist Don Ruberg to research the circumstances involving the death of their relative, Patrolman Henry Ruberg.

The Police Chief has determined that Patrolman Ruberg's death was the result of an on-duty injury incurred when he was thrown from his horse on July 26, 1916. Patrolman Ruberg succumbed to his injuries approximately 48 hours later.

The Police Department has forwarded an application and supporting documents of the incident ([attached](#)) to the National Law Enforcement Officers Memorial Fund, so that Patrolman Ruberg's name may be included on the National Law Enforcement Officers Memorial.

**3. THANK YOU LETTERS**

[Attached](#) to these Staff Notes is a letter from Stanley M. Chesley to the Police Chief praising the members of our Department who handled the chemical leak at Lunken Airport.

CHARLES GODFREY PETERSON,  
A Bright Young Officer, who has been  
over nearly all the Civilized World  
— Something of his History.

Charles Godfrey Peterson, the subject of this sketch, is about thirty years old. He is single and first saw the light of day in Denmark. He has been connected with the local department nearly three years, and his record is most excellent. He was a mariner, whose experiences were most remarkable. He left home when he was fifteen years old, and has since been thrown entirely on his own resources. When a youth he was apprenticed to a florist, but he soon tired of this humdrum existence and being of a roving disposition, went to sea. For five years he traveled on merchant vessels, and went as far south as Cape Town, Africa. He went as far north as Baffins Bay, and had the novel experience of traveling on vessels flying the flag of half a dozen countries. He has been through cakes of ice and rock, and survived many shipwrecks. Officer Peterson has been in South America, and traveled as far inland as the headwaters of the Amazon river. During the war with Spain he served in the American Navy in Cuban waters under Schley, Sampson, and Remey. After the war he secured an honorable discharge, and came to this city and secured his present position. He is intelligent and progressive.

JOSEPH B. MATHES,  
A Leading and Efficient Member of  
the Queen City Police Department—  
One of Cincinnati's Best Officers.

Joseph B. Mathes, the subject of this sketch, was admitted to the Cincinnati non-partisan police department in 1886. He is happily married and just in his prime, being only forty-six years of age. It can truthfully be said that officer Mathes tries at all times to do his best, and his record is remarkably good. During the time that he has worn the blue and brass he has arrested many crooks with national reputations. He is one of the most willing workers in the service, and never grumbled when called upon to do extra duty. Since he has been engaged in preserving the peace and protecting life and property, Officer Mathes has devoted much of his spare time to the study of laws and ordinances that bear upon police business. He can talk intelligently on all topics of interest to blue coats, and is a man who has the confidence and esteem of his superiors. He is also popular with the other members of the department, and in private life is a distinctively home-man. Officer Mathes was on Patrol 9 from 1887 to 1897. He is now a leading patrolman in the Ninth District, and one of the best known men in the department.

Mounted Officer Louis Sandman is one of the most popular men connected with the Queen City Police Department. He was appointed to his present position on March 22, 1899. Two of his brothers, Henry and William, are also members of the local force. In fact, it would seem that the Sandman family is specially gifted in being able to preserve the peace and protect life and property. Officer Louis Sandman is an expert horseman, and this has been a great aid to him in patrolling his suburban beat astride his trusted equine. Since donning the blue and brass he has effected many

creditable captures, and is well known in the outlying districts as a terror to evil-doers. By his fidelity to duty and willingness to do his best under any and all circumstances, he has gained the esteem and confidence of his superiors, and the good will and friendship of his co-workers. He is far above the average in intelligence, and his semi-annual examinations show most conclusively that he is a student of his chosen calling. He is well posted on the laws and ordinances that have a bearing on police business, and this has been a great aid to him. His future seems bright indeed.

If ever there was a brave officer it is Henry Ruberg, one of the mounted men in the Ninth District. It was he who arrested George Duncan, the desperate confederate of Jim Anderson. Both men were hiding their plunder in a house on Price Hill, and Ruberg detected them. In trying to arrest Duncan, who would not stop at murder, a fusillade of shots was fired. One of the bullets struck Ruberg's whistle just over the heart, so that it can be seen that the fearless officer had a most narrow call for his life. The desperado fired four shots, and the guardian of the peace a like number.

HENRY RUBERG,  
One of Cincinnati's Efficient Mounted  
Officers, who Distinguished himself  
by Capturing Burglar George Duncan.

The crook was captured after a desperate chase, and Ruberg was highly praised by the papers and his superior officers. He also assisted in bringing Jim Anderson to justice, and has at all times done great service for the tax-payers of Cincinnati. He is just in the prime of life, being only forty-five years old. He first saw the light of day in Germany, but has resided in America since he was five years old. Officer Ruberg has been connected with the Queen City department for the past fourteen years, and his record is a clear one. He is one of the most popular men in the service.

**Mounted Officer Henry Ruberg**  
**Age: 60**

Officer Ruberg did not seem to be seriously injured when his horse fell on July 26, 1916, but internal injuries and peritonitis caused his death two days later. Officer Ruberg, of 3648 Glenway Avenue had been detailed to strike duty in the vicinity of the Southern Railway Terminal. While following a packing company wagon his horse stumbled and fell. Doctor Stuart Hagen performed an operation in an effort to save the patrolman's life but to no avail.

Patrolman Ruberg was one of the veterans of the Police Department. He had been assigned to the Ninth District for several years and had many friends in the western part of the city. The officer's death recalls an exciting gun fight which he had with a thief on Price Hill, June 1890. With Lieutenant Brangan and Detective Carey, Patrolman Ruberg captured "Burglar Jim" Anderson, who was wounded in the gunfight. Officer Ruberg was hit also, but after the battle, found a bullet had merely dented his badge.

Officer Ruberg left a wife, Josephine, and today has descendants living in the Monfort Heights area, northwest of Cincinnati. His grand nephew and two great grand nephews would join the Cincinnati Police Department. Patrolman Art Ruberg retired in the 1970s. Police Specialist Donald Ruberg retired during the early 1990s, but not before being named Ohio's top law enforcement officer in 1993. Raymond Ruberg is currently a Lieutenant in and commands the Public Information Office.

## DIES OF INJURIES.

Patrolman Henry Ruberg Victim of  
Peritonitis, Following Mishap.

Henry Ruberg, 61 years old, 2049  
Glenway avenue, mounted patrolman,  
died at the General Hospital early yester-  
day morning as a result of injuries suf-  
fered Wednesday when his horse fell on  
Lincoln Park. Ruberg was re-  
garded as one of the best horsemen in the  
department.

He had been detailed to strike duty in  
the vicinity of the Southern Railway Ter-  
minal. While following a packing ad-  
vance, his horse stumbled and  
fell. Thursday Dr. Stewart Hagen per-  
formed an operation in an effort to save  
the patrolman's life. Peritonitis set in,  
however, and was the direct cause of  
his death. Ruberg was one of the vet-  
erans of the Police Department. He had  
been assigned to the Ninth District for  
several years and had many friends in  
the western part of the city.

The officer's sudden death recalls an  
exciting gun fight which he had with a  
thief on Price Hill, June 1890. With for-  
mer Police Lieutenant Brangan and the  
late Detective Carey—Patrolman Ruberg  
captured "Burglar Jim" Anderson, who  
was wounded.

Chief of Police Copelan announced yester-  
day Company B and Color Guard, police,  
would attend funeral services for the  
officer at his residence Monday morning.

## SIXTY DAYS

Must Elapse Before Any Payment  
May Be Made To German Amer-  
ican Bank Depositors.

Preliminary to making a first pay-  
ment to depositors of the German Amer-  
ican Commercial and Savings Bank were  
started yesterday by State Superintend-  
ent of Banking Harry T. Hall. The law  
requires that 60 days elapse from the first  
notice until any payment may be made to  
depositors. Mr. Hall arranged yester-  
day for the advertising of the first notice.

What dividend will be paid has not been  
determined. The investigation yesterday  
developed angles that made the deposi-  
tors' chances look a bit more pessimistic.

When the examiner and his assistants  
attempted to open the vault at the bank  
yesterday the combination could not be  
worked. A lock expert had to undo the  
combination. A loose ball in the mecha-  
nism of the lock was at fault.

It was said yesterday that the Pea-  
cocks were arranging to turn over per-  
sonal property amounting to between  
\$20,000 and \$30,000 to the bank.

Mr. Hall will be unable to complete  
his investigation to-day, the complica-  
tions arising making it necessary to  
carry the matter over until next week.  
He hopes, however, to reach the end by  
the middle of the week.

Dear Chief,

I wanted to personally congratulate you on the way you and your officers have handled the Styrene leak at Lunken Airport. Your professionalism and care and concern for the public safety of our citizens was unequalled! The cool and calm attitude of the officers involved with the evacuation were also remarkable!

I just wanted to say "Job Well Done", and would appreciate your passing this message along to the officers involved.

Thank you!

Sincerely,

Stanley M. Chesley
